By: Kevin Hart, P.E.  
District Director

Project Summary: Conversion of oil lubricated pumps to water lubricated. The stormwater pumps are 42" in diameter and are located at two of the South Broward Drainage District's Pump Stations in Miramar. The bidder must have converted at least two (2) oil lubricated pumps to water lubricated pumps, forty-two (42) inches or larger, in the past 5 years. Each bidder is required to visit each site with the District's Project Manager **ONLY**. Site visit prior to bid submittal is **MANDATORY**. Project Documents must be obtained prior to site visit. There is no charge for the Project Documents. There is no set budget and no bond is required.
