

EFFECTIVE SEPTEMBER 1ST, 2011

RESIDENTIAL PERMIT FEES:

At the March 31, 2011 South Broward Drainage District Board Meeting, the Board of Commissioners directed that identification placards be placed on all permitted improvements. This placard will identify the location address as having a SBDD permit. The placard will have a unique number which will coincide with the homeowner's permit number. Information on how to install the placard will be provided along with the permit. There is an associated placard fee that will be added to the total cost of the permit.

See the table below for changes to the total cost for permits associated with each category.

CATEGORIES	PERMIT FEES	PLACARD FEE	TOTAL COST
FENCES	\$ 75.00	\$ 25.00	\$ 100.00
BRICK PAVERS	\$ 75.00	N/A	\$ 75.00
